Winter can be pretty cold in Daylesford, whatever the weather Jubilee Lake is still beautiful as you can see from the photo of the mist on the lake.

We have had quite a few mornings where we have woken up to a very heavy frost and we are still waiting for it to snow!

The lake was recently stocked and the fishing has been pretty good, last weekend we had some very happy fisherman who caught good sized fish.

If you are planning to visit remember that a warm beanie and gloves are essential clothing for this time of the year!

Best wishes Sharron, Stewart & The Team
