

JUBILEE JUNIORS NEWSLETTER

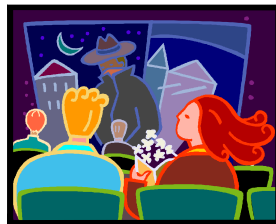

Welcome to Jubilee Lake Holiday Park, we hope you have a great holiday while you are here with us.

We have lots of fun activities planned to keep you entertained, ranging from bocce tournaments, volleyball, cricket, giant soccer—you don't have to be a giant to play but we will have a giant soccer ball! Old fashioned race day, with events like the egg & spoon race, sack races—bring mum & dad to join in the fun!

Check out the whiteboard by the lake each day for the days activities.

MOVIES UNDER THE STARS

Weather permitting we will be having outdoor movies down by the lake, great fun for all of the family - all you need to do is rug up and bring a deck chair (and blanket— in case it's chilly!) check the board for movie times.

Did You Know?????

A crocodile can't move its tongue and cannot chew. Its digestive juices are so strong that it can digest a steel nail.

Fishes talk to each other? Some of them communicate by making noises in their throats by rasping their teeth, others use their swim bladders to make sounds.

The smallest bird in the world is the Hummingbird. It weighs 1oz.

A rat can last longer without water than a camel.

Moths are not really attracted to light? Moths fly towards the blackest point which is behind the light.
